

## Golden Honors from the Golden Coast

### Dr. Price's Baking Powder

California, empire of the Pacific, salutes the world. Her Midwinter Fair closed in a midsummer blaze of glory. Second only to the Columbian Exposition in extent, variety and splendor, the coast display was a veritable triumph. Out of her abundance the state poured her treasures—and the nations of the earth came to aid her in her noble exhibition.

Memorable were the exhibits—of gold and silver, of wheat and oil, of fruit and wine, of silk and wool—of all that man and nature could combine to produce. And no exhibit attracted more attention or excited warmer approval than that of

### Dr. Price's Cream Baking Powder

Official tests showed it to be highest in leavening power, purest in quality, and most efficient in results of all baking powders made. Accordingly, the Highest Award and Gold Medal were conferred on Dr. Price's at the Midwinter Fair.

The triumph at San Francisco confirms the victory at Chicago. The Midwinter Fair verdict sustains and vindicates the bestowal of highest honors on Dr. Price's by the jury of awards at the World's Columbian Exposition.

#### THE EVENING DISPATCH.

PROVO CITY. OCT. 2, 1894

A SURE way to get popular with the people of this county is to get out with the Enquirer of this city. Note the enthusiasm with which A. D. Gash, Levi Openshaw and John A. Brown were nominated at yesterday's convention, and note how these gentlemen will run ahead of their ticket at the polls. These three gentlemen have been especially despised by the Enquirer.

It was a glorious convention. The democrats made no mistake in the convention yesterday.

A SURE way to get popular with the people of this county is to get out with the Enquirer of this city.

ON affidavit of Wm. Seabury to produce the body of Hinton in court here on October 9th at 2 o'clock p. m. to do and receive what shall then and there be considered. D. D. Houtz is attorney in these proceedings. Mr. Hinton was supposed to have wrongfully entered into possession of another man's land, but according to the affidavit no punishable offense was committed and none was charged and Hinton was not tried for any offense.

Sale to say that no man has 65,000 personal friends. That's where art excels nature, for THE EMERSON PIANO has five times 65,000 friends. There is an average of five persons in every house. Sixty-five thousand houses have Emerson pianos in them. Everybody who ever examines an Emerson straightway becomes its friend. The logic is plain. Come in and be introduced at Taylor Bros. & Co.

YESTERDAY (Monday) afternoon Judge Smith heard further argument on the motion for a new trial in the big mining suit mentioned in our report of proceedings in the First District court yesterday. The matter was taken under advisement and the court adjourned. The judge has not yet rendered his decision.

Word comes that Marshal Fowler's posse are close upon Koffard and Mickel, the murderers of Sheriff Burns, near Orangeville, in Emery county.

Mickel's wound is causing him great suffering and the doctor who extracted the bullet says that unless he has the very best of care he cannot possibly live longer than six or eight days.

Mickel's brother has taken medicine to him once or twice and he is being tracked.

The whole time of the First District court to say has been occupied in hearing evidence in the divorce case of Sarah S. Hansen vs. Neri H. Hansen.

Provo readers will remember Mr. Hansen as the implement dealer who a couple of years ago did business in this city with Mr. Thompson under the firm name of Hansen & Co. Mr. Hansen is now employed in Spanish Fork by the Consolidated Implement company.

Mrs. Hansen has been living in Plain City where the two have a home. They were married in Ogden in 1877. Attorney E. A. Wilson has charge of Mrs. Hansen's side of the case while Saxey & Edwards represent Mr. Hansen.

Mrs. Hansen sees for divorce and alimony on the grounds that he is unable to provide for her that some months ago he came to her to sign a contract of separation and division of property which as to latter is unjust to her and which is signed through fear. That he determined upon the separation because no child was issued from the union, she being a sickly woman. Mr. Hansen charges and asks that justice be granted him on the grounds that she refuses and has refused to live with him as a wife. Mr. Hansen offers evidence to contradict all of Mrs. Hansen's allegations as to property and tending to show the contract of separation and division mutual, and that he has provided for her in all ways and at all times as amply as his income would permit.

The public are more or less acquainted with the troubles at Tintic between C. E. Loomis, Reed Smoot, Mayor Holbrook and others of this city as the Almo Mining & Milling company and Mr. Henry M. Ryan representing the Bullion Beck & Champion Mining company. The Almo company own or claim to own the Almo lode, the South Star lode, the Q & L lode, the Saratoga lode and the Lula lode. On September 29th, 1894, while on the premises engaged in conducting their business as mining operators the Almo people were "by force and threatened violence and with a strong arm and a great multitude of people" ousted from the premises by Mr. Ryan acting for the Bullion Beck & Champion Mining company. This "multitude of people" destroyed the property of Almo company by taking up the planks and timbers connected with the shaft and grading upon the surface of the claims and sinking shafts thereon and by preventing the Almo people from carrying on the ordinary work necessary and requisite to carry on their business. Mr. Ryan continues to hold possession of the property and threatens to continue to hold possession. For this, and for the further reason that, as the Almo people believe, the Bullion Beck & Champion Mining company which owns mining property contiguous to theirs is taking ore out from under the surface of the property claimed by the Almo company, the latter company is suing Mr. Ryan and the Bullion Beck & Champion Mining company for \$100,000 damages, and for a restraining order. The complaint was filed in the First District court today.

More Sugar Wanted.

Eugene Field says that it has long been his opinion that the advocates of woman suffrage should abandon the rigorous tactics they have ineffectually used for so long a time and adopt the milder tactics of persuasion. The woman suffrage cause needs less virility and more femininity, less jaundice and more sugar. Bright eyes, pretty complexions, jaunty figures and stylish costumes are, always were, he thinks, and by God's grace always will be, more potent influences in determining the opinions and actions of men than the bluntest wit and the most convincing logic.

That Joyful Feeling.

With the exhilarating sense of renewed health and strength and eternal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old time medicines and the cheap substitutes sometimes offered but never accepted by the well-informed.

## At Death's Door

Blood Poisoned After Typhoid Fever

A Marvelous Cure by Hood's After All Else Failed.

"C. I. Hood & Co., Lowell, Mass.: 'Dear Sirs: Twenty-five years ago I had a typhoid fever, and later it turned into typhoid fever, and for five weeks I lay like one dead, but at last I pulled through and got up around. I soon discovered on my left leg just above the knee a small brown spot about as big as a three cent piece, which puffed up but did not hurt me or feel sore. I did not pay any attention to it until two years after, when it commenced to spread and have the appearance of a ring worm. It itched and burned and I commenced doctoring, but to no avail. I

Cot Only Momentary Relief, And sometimes not even that. I could not sleep nights, and on account of the itching I scratched the spot until the blood came out. It was not until I had used Hood's Sarsaparilla for a year that I was cured. I have had four bottles. Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

Now I Am All Well but two little spots on my leg. I can now sleep and eat well and work all the time. I am 54 years old, and the mother of eleven children, and think I can do as much as any one my age. My son has also taken Hood's Sarsaparilla for dyspepsia, and has been greatly benefited by it. I feel grateful for the benefit I received from Hood's Sarsaparilla." Mrs. Phebe L. Hall, Galva, Kansas.
